Angel Band

```
   C                F         C
My latest sun, is sinking fast
             G      C
My race is nearly run
                               F         C
My strongest trials, they now have passed
             G      C
My triumph has begun
```

```
G          C
Oh come, angel band
G          C           C7
Come and, around me stand
F                       C
Bear me away, on your snow-white wings
       G         C    C7
To my immortal home
F                        C
Bear me away, On your snow-white wings
       G         C
To my immortal home
```

I've almost gained, my heavenly home
My spirit softly sings
Behold they come, The holy ones
I hear the sound of wings
