Slow Ready - Goose

F Am F Am
F Am G F (Am-G)
F Am G F (Am-G)

Chorus
F C E
F Am G F E

(Verse 1)
Baby on the way
I was melting like ice
On the back of my spine
Where we going tonight?

You know I saw that eye
In the corner of the light
Playing games with my mind
It's going down tonight

(Chorus)
So ready for this
On the floor
You know
That I'm coming back for more
Take it slow
Oh baby you know

(Verse 2)
You know it all came back
Like the breakdown of the door
When I saw you on the floor
What you waiting for

Light years on ice
Stalled in a void of time
Turn on your satellite
Cause its going down tonight

(Chorus)
So ready for this
On the floor
You know
That I'm coming back for more
Take it slow
We're burning baby you know

(Jam)

(Chorus)
So ready for this
On the floor
You know
That I'm coming back for more
Take it slow
We're burning baby you know

(Chorus)
So ready for this
On the floor
You know
That I'm coming back for more
Take it slow
We're burning baby you know
