Turned Clouds

Eb7 Ab7 (x4)
I'm sick and tired of picking these thorns from my leg,
You've got me sitting here lost in my own head
But did it really have to go down this way
Or was there something clever that I could've said

Eb7 C# Cm Bb
You know the weather outside well it just ain't right
Ab7 Cm
And it's not that I'm just cloudy and blue
Bb Ab7 Eb7
Things are gonna change and I dont wanna see it rain on you

Eb7 Ab7 (x3) **Bb**

Well I don't need no pills to calm down
Just need a minute to put my feet back on the ground
Oh the weight of gold is a sight to behold and so I practice with lead
But maybe that's the reason why I've got thorns in my leg

Eb7 C# Cm Bb
But ooh ooh ooh I've got something to lose
Ab7 Cm
Don't you say that I am alone
Bb Cm Ab7 Eb7
You've had your fun now please won't you come back home

Eb7 Ab7 (x3) Eb7 Ab7 A7 Bb7 Bb7#9

Well I've heard you've been moving around, Yea, two feet be kissing the ground
And I sure as hell know better than most, There's no sense in beating it down
So let's roll on down the river, Let's float right into the sea
Where angels roam, we'll rustle our bones, Back to our home in the trees

Eb7 C# Cm Bb
And ooh ooh ooh I'll be leaving soon
Ab7 Cm
Don't you say I'm going alone
Bb Cm Ab7 Eb7 Ab7 Eb7
You've had your fun now please won't you come back home
Bb Cm Ab7 Eb7
You've had your fun now please wont you come back home
