Wysteria Lane

(LOOP Am C, add octave slides)
Am C X 8

Am **C** **Am** **C**
Resting on a corner stone, A building in the haze
Am **C** **Am** **C**
The Sky was bringing hell on us, I thought that we'd be saved

Floating on a marshmallow sea, Rather here, not far from me
At sudden moment was a crash, And echoed out an evil laugh

Dm
Visions of a membrane vast, Concepts relate and contrast
Dm **G**
If only there was a way, That I could bring you there today

Dm
The signs look different on Wysteria Lane

Something about them, just isn't the same

Down the pathway to the, the great beyond

Am C X 4

Am **C**
Returning from the future, With a phosphorescent glow
Knowledge is the pathway, To each and every soul

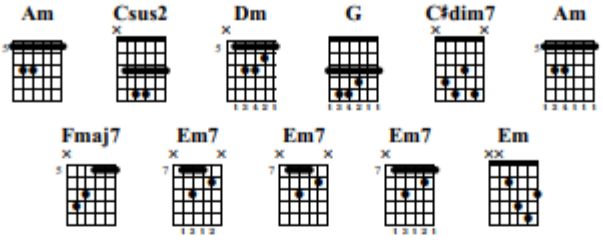

Brandishing a veil of light, On the footsteps of giants
From the depths of Wysteria, We won't forget your call
