Dr. Darkness

G#m B C#m Eb7, G#m B E7 Eb7
G#m B C#m Eb7, G#m B B(b5)/F E7 Eb7

G#m B C#m Eb7
Might have seen him walking in a thoughtful Sunday stew
G#m B E7 Eb7
Beware my friends, you caught a glimpse, but he's always watching you.
G#m B C#m Eb7
He operates by night and day, with precision on his brow.
G#m B B(b5)/F E7 Eb7
His patients are the victims to the blinding spell of doubt

When he comes a knockin', best not let him in
He'll hang his feet upon the couch and he'll sell you medicine.
He'll creep and crawl along your walls with scentful residue
When you slip and fall, and crack your head, he'll blame it all on you.

B Eb G#m E
Doctor, Doctor, won't you let me be.
B Fm7b5 C#m7 F#
Please don't you play those evil tricks on me.
B Eb Gm B/D# E
Cause I've been down, and I'm sure I know it's you.
Em7b5 G#m C#m E/B E7 Eb7
That's been sneakin' around inside my head, with nothing else….to do..

JAM (Verse Chords)

Silence is the silhouette of his viral retinue
They slink and slide me through the town, his vile unbridled crew.
They're crouching on the rooftops and they're watching every move
When you find yourself in silence, they've got their hands on you.

CHORUS

Am - JAM (Verse Chords modulated up ½ step to Am)

Faithful to the laws, set forth by pride's decree
The doctor has a knack for sowing seeds of jealousy
If you think you've got control, of your primal destiny
Just look out for the doctor's primeval specialty

CHORUS

"Dr. Darkness"

by Goose
